# Nodes Per Continent

Results to task 2)

- Topology:
  - Dense cluster in EU-countries, moderate in US, sparse in AS & Australia
  - Top 25 Hubs (high vertex degree) all in EU
  - Anomaly: 9 Airports not connected with others (closed or small?)
- Continent with highest number of airports: EU (283 [274])
- Airports with exactly 7 runways: Dallas (DFW), Chicago (ORD)
